This month we are focused on updating and expanding our content across Philosophy in the Oxford Quick Reference collection.

A new title has been added, which is only available online

A Dictionary of Logic

This dictionary features over 450 entries which primarily concentrate on technical terminology, the history of logic, the foundations of mathematics, and non-classical logic, making it an essential resource for anyone studying philosophical logic at undergraduate level or above.

New Philosophy quotations have been added to the freely available Oxford Essential Quotations – a sample of new quotations can be found below.
